- Monitor and document student progress regularly and adjust instruction accordingly
- Collaborate with classroom teachers to support student achievement and reinforce classroom instruction
- Maintain accurate records of interventions, assessments, and student growth
- Communicate effectively with teachers, administrators, and (when appropriate) parents regarding student progress
- Support the development of individualized learning plans or intervention goals
- Maintain a structured, engaging, and positive learning environment
- Participate in staff meetings, professional development, and team planning as required

QUALIFICATIONS

- Bachelor's degree in Education, Reading, Literacy, or related field
- Valid teaching certification preferred
- Experience in reading instruction, literacy intervention, or elementary education preferred
- Knowledge of phonics-based instruction, comprehension strategies, and intervention frameworks
- Strong assessment and data analysis skills
- Excellent communication and collaboration skills

I have been crucified with Christ and I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God, who loved me and gave himself for me.

-Galatians 2:20
