THE KNIGHTLY NEWS

CLEARED FOR TAKEOFF: PREPARING FAB STUDENTS FOR LIFE AFTER GRADUATION

Last week, after circling the campus on a beautiful fall day, a PHI Air Medical Transport helicopter landed in the middle of SAB Football Field at Faith Academy of Bellville (FAB) while students, faculty, and staff watched in awe. Nearby, a Bellville Volunteer Fire Department truck and an Austin County Emergency Management ambulance parked on campus. Not to worry; no one at FAB needed help. These community helpers took time out of their day to drop in and share their career experience with eleventh- and twelfth-grade students.

The FAB CCLP class watched the PHI Medical transport helicopter land and then explored the equipment inside.

Mrs. Renee Poulter, a flight nurse, FAB parent, and the president of the FAB Board of Directors, was part of the PHI Air Medical Transport crew. Dressed in her flight suit, she and the rest of the team explained what their jobs entailed, answered students' questions, and helped them climb inside to see firsthand all the medical equipment the helicopter carries. Mrs. Poulter explained that they care for patients of all ages, from newborns to the elderly, in all conditions. In fact, she said, because PHI Air Medical Transport is called so soon after an emergency, the situation is often still unfolding, and a patient's condition can change significantly by the time the crew lands.

Mrs. Renee Roulter, FAB parent and Board of Directors President, is a flight nurse for PHI.

Students then explored the ambulance and fire truck, taking turns honking the fire truck horn and blaring the sirens. Each vehicle's emergency crew let the teens touch and carry equipment to get a feel for the physical requirements of each role.

CAREERS UP CLOSE

This experience is part of the FAB yearlong College, Career and Life Prep class offered to juniors and seniors at Faith Academy High School.

THE KNIGHTLY NEWS

CLEARED FOR TAKEOFF: PREPARING FAB STUDENTS FOR LIFE AFTER GRADUATION

In addition to helping students navigate the many decisions, forms, and deadlines of their final two years, teacher Mrs. Jena Hooper introduces them to a variety of careers through guest speakers. FAB parents and community members generously share their time and expertise, helping students make informed decisions about their own college and career paths.

This year, guest speakers have included a Christian pastor and entrepreneur, a promotions producer at ABC13 News, and the president of DempseyGill, a commercial construction company. Students also heard from our school nurse, who previously worked in the Neonatal Intensive Care Unit (NICU), officers from the Sealy Police Department, and a firefighter from the Willowfork Fire Department. A representative from the San Bernard Electric Cooperative shared the different career paths and benefits available at the local utility company.

Mr. Angel Fernandez, a Promotions Producer at ABC13, showed students how he captures visual stories.

Beyond career specifics, some guests offered advice that applies to any profession and to life in general. One entrepreneur challenged students to "Be Buffalo": to stand out, be different, and embrace what makes them unique. He also described the important role kindness has played in his career, reminding students that success is measured not only by what you accomplish but by how you treat others.

PLANTING SEEDS IN NINTH GRADE

The College, Career and Life Prep class is the capstone of a plan that begins long before junior year. At Faith Academy, conversations about college and career start in ninth grade.

FAB Student Adviser Mrs. Claire Westbrook meets regularly with the freshman class and with individual students as needed to lay the foundation for college and career readiness. These wide-eyed freshmen begin with an intro to high school: the credits required to graduate, the importance of good habits, and the essential lesson of personal responsibility. They learn they are expected to check their school email regularly and stay on top of assignments and project deadlines while exploring interests through extracurricular activities.

FAB freshmen also begin building a high school resume now so when it's time to apply to college, they're ready to share four years of accomplishments. Throughout the year, Mrs. Westbrook explains how GPA, class rank, and numerical average are calculated so students understand how the habits and decisions they make now will shape their opportunities later.

THE KNIGHTLY NEWS

CLEARED FOR TAKEOFF:
PREPARING FAB STUDENTS FOR LIFE AFTER GRADUATION

Preparing for college entrance exams is another key piece, since strong scores open the door to more educational opportunities and scholarships. FAB offers the PSAT to eighth- through eleventh-grade students and shares College Board resources with families, including college and career prep checklists for each grade.

SOPHOMORES TAKING ROOT

In tenth grade, students review their planned course schedules again to make sure they are on track for graduation. They also begin thinking more concretely about college as they apply to take dual-credit courses through the FAB partnership with Blinn College, and are encouraged to visit college and trade school campuses to help guide their decision-making. The PSAT/NMSQT, the qualifying test for National Merit Scholarships, is once again offered as preparation for the SAT. As they continue participating in clubs, organizations, sports, and volunteer activities, the sophomores add leadership roles and experiences to their resumes.

JUNIOR AND SENIOR YEAR THE NEXT STEP

Through eleventh and twelfth grade, FAB students continue to build their resumes and focus on their next step after graduation. This year, thanks to our partnership with Bellville ISD, juniors and seniors gained more insight into post-high school opportunities at the Bellville High School College and Career Fair. College-bound students will take the SAT and ACT while Mrs. Westbrook helps them track application deadlines, consider college costs, and apply for scholarships.

FAB Juniors and Seniors met college and company representatitves at the Bellville High School College and Career Fair.

As students navigate these years of preparation, we keep one truth at the center: our students' identity is not found in the college they attend, their SAT score, or the career path they choose, but in Jesus Christ's love for them.

FAB Head of School Dr. Diers, Mrs. Renee Poulter and FALCON Center Director Merlene Byler stand with other PHI Medical flight crew members.

FAB Elementary

Elementary students participated in their own opportunity to practice good citizenship. They registered to vote, made campaign posters and gave speeches about their opinion on whether dogs or cats make better pets. The dogs won by a landslide! Next week we will celebrate with a "dog day"!

ELECTION DAY

Nov. 3, 2026
8:30 - 9:30 am

Field Trip

The FAB kindergarten classes and many parents went on a fall adventure to Dewberry Farm. The students played, practiced patience and took turns, and made memories to share in a personal book they are each writing about their trip.

Students flew through the air on rope swings into huge piles of hay, raced down a giant slide, loved on farm animals, rode a train around the farm, and played and played! We look forward to hearing their books about Dewberry Farm.
