THE KNIGHTLY NEWS

LEARN TO HEAL, STRENGTHEN, AND PROTECT YOUR BRAIN – FREE THIS FALL AT THE FALCON CENTER®

At Faith Academy of Bellville (FAB), we are called to serve not only our students and families but also our community. One way we serve is by offering free community classes at the FALCON Center®, our unique program that uses purposeful movement and state-of-the-art, research-based modalities to build strong foundations for learning, physical development, confidence, and lifelong growth.

A NEW CLASS FOR FALL

Starting Tuesday, September 8, 2026, the FALCON Center will begin the next Omega Community Class titled “The Healing Brain Masterclass,” led by FALCON Trainer, Certified Brain Health Professional, and retired chiropractor, Dr. Monte Kimpel.

CLASS DETAILS

This 12-session class will be held at the FALCON Center, Building 2 at FAB every Tuesday through December 8, 2026, from 3:30 p.m. to 5:00 p.m., except on Tuesday, October 6, 2026, and November 24, 2026.

WHY WE'RE OFFERING THIS CLASS

As educators, we challenge our students to use their brains to increase their understanding and knowledge of a variety of subjects throughout their education. But we don't expect the learning or the curiosity to end at high school graduation. We believe learning happens at every age, and that the brain has a unique capacity to adapt, heal, and continue developing throughout our lives.

WHAT YOU'LL LEARN

“The Healing Brain Masterclass” will expand your understanding of how the brain works, the effects of external factors such as sleep, aging, stress, and diet, and how to incorporate healthy habits to strengthen neuroplasticity and restore brain chemistry.

The class will begin by discussing how inflammation affects the brain, and how toxins, nutrient deficiencies, and chronic stress can cause brain fog, affect our emotions and memory, and impact long-term brain health. We will then learn everyday changes we can make to improve memory and focus, including evening and morning routines, movement, light, and emotional regulation.

At the end of the series, Dr. Kimpel will share the transformative effects fasting can have on the brain, as explained by Jordan Rubin, the author of “The Maker's Diet.” Rubin's program shares how fasting, in addition to a healthy diet, can help us overcome addiction, anxiety, and negative thoughts.

THE KNIGHTLY NEWS

LEARN TO HEAL, STRENGTHEN, AND PROTECT YOUR BRAIN –
FREE THIS FALL AT THE FALCON CENTER®

The Healing Brain Masterclass is led by Dr. Monte Kimpel, a Certified Brain Health Professional, retired chiropractor and FALCON Trainer.

A PERSONAL APPROACH

As someone who has incorporated many of these habits into his own life, Dr. Kimpel is a valuable resource for those of us who might find it challenging to make lasting changes to ingrained habits that no longer serve us well.

"I understand the effort it takes to change lifestyle habits, and have relied on Dr. Daniel Amen's teachings on modifying habits and reducing the negative thoughts that often get in the way of progress," Dr. Kimpel said. "The wonderful news is that we often see positive results quickly after making changes to diet and sleep. This can help keep us on track."

JOIN US

We hope you'll join us for this educational and interactive class as we work to live healthier, more fulfilling lives. All are welcome.

Please RSVP by calling the FALCON Center at 979-865-1811 or registering at falcon@faithacademybellville.org.

Dr. Kimpel helps Ms. Watson with purposeful movements which support brain health at the FALCON Center.

REMINDER

For safety purposes and
to help us maintain
accurate attendance
records, please sign your
students in and out at
their designated building.

Thank you!

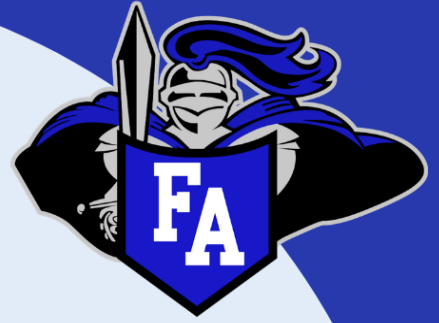

**THANK
YOU**

**A BIG THANK YOU TO EVERYONE WHO ATTENDED OUR
