

# FAITH ACADEMY BELLVILLE

FAITH ACADEMY BELLVILLE 12177 Highway 36 Bellville, Texas 77418

---

Position: FALCON - Early Education Assistant

The FALCON Center consistently strives to provide the best, most updated, research-based and proven modalities to help its members reach their greatest learning potential. The FALCON program wants its members to grow and challenge their minds and bodies. The center uses the latest techniques of neurodevelopment. FALCON Staff members are here to faithfully serve school and community members.

The ideal Falcon staff member for the position will be passionate about working with early education children ages 1 - 5 years old. They will also need to have a range of mobility and skills to be able to teach and test each of the students they work with according to neuro-development training. These skills will also be trained and taught by one of our FALCON certified team members upon addition to the staff. The school will train each member of this program to apply the correct techniques in both an individual setting and group setting depending on the program.

This is a great opportunity for anyone studying to obtain a degree in child development or going into the physical/occupation therapy field. This shift will be part time 7:30am -11:30 Monday through Friday.

---

*I have been crucified with Christ and I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God, who loved me and gave himself for me.*

*-Galatians 2:20*
